Subj: 10th Concept Grievance — ACS Chair Yvonne W. Andy W. Policy Chair Obstruction of Nominations Process

To: PASCNA Body

The basis of this grievance is on March 18, 2017 at area service, ASC Chair Yvonne W. and Andy W. engaged in unethical, dishonest, manipulative conduct to obstruct the nomination of the Policy Chair position. PASCNA long standing established policy on vacant positions is if a new nominee is made on a filled position the incumbent steps off. This is keeping with the NA Guide to Local Service "Rotation & Recovery"

At the March 18, 2017 Area ASC meeting Chair Yvonne W. announced several vacant positions. They should have been done individually asking for nominees for each but were not. Policy Chair Andy W announced his position was ending in April. He is willing to do another year. I interrupted stating he was bypassing nominees on a vacancy. In February I emailed Andy that there is no automatic pro temp positions. Nominations must be announced at Area. I nominated myself. Andy read the qualifications; in pertinent part "6 continuous months on policy subcommittee" I stated my qualifications as having a minimum of 1 — 3 years prior continuous service on H&I, Policy, Phonenumber and Public Relations. Andy and Yvonne went back the previous 6 months. I only attended 2 meetings. Yvonne W. stated "You do not have 6 continuous meetings and do not meet the qualifications" This was intentional fraud with the intent of denying me the nomination.

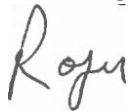

The 6 continuous months does not state or mean prior to nominations. Any prior 6 month service qualifies a member for nominations of chair position. To suddenly rewrite the 6 month rule to 6 prior months from nominations date to block me was a dope fiend move. Trusted servants are expected to have integrity.

The remedy sought in this matter is Andy W not be allowed to be a nominee. He served his year, I was nominated, he must step down as all others in the past.

NA cannot tolerate leadership displaying, unethical, dishonest, manipulative conduct, governance and abuse of authority. Especially relating to the nominations & elections. Due to the seriousness of this I motion this go to the groups for a secret ballot vote on immediate removal from office of the ASC Chair.

Concept #4 "NA leadership knows not only how to serve, but when it will serve best to step aside and allow others to take over"
