### **Motion 2019-02-01**

**Motion maker:** Public Relations 2<sup>nd</sup>: None needed

**Motion:** Public relations would like to motion that we move forward with the metro meeting list.

**Intent:** To help the addict that still suffers.

**Discussion:** We are only talking about whether we are going to use BMLT system. We are moving forward with using this system only, it does not replace the current list.

**Pros:** After listening to the presenter, we would have access to information on meetings all over the world.

Meeting lists would be updated in a timely manner.

**Cons:** I don't understand what this means.
